

**UK Pharmacogenetics
& Stratified Medicine
Network
Annual Open Meeting**
Thursday 17th March, 2016

08.30-09.00 Registration and refreshments		
9.00-10.40	SESSION 1 Chair Professor Sir Munir Pirmohamed	University of Liverpool
09.00-09.10	Welcome	
09.10-09.40	Organisations supporting stratified medicine	Professor Rory Shaw, Medical Director of Healthcare UK
9.40-10.10	UK Precision Medicine catapult update	Dr Belinda Quinn, Chief Clinical Officer,
10.10-10.40	100,000 genomes project-importance to personalised medicine	Professor Mark Caulfield, Chief Scientist for Genomics England
10.40-11.00 Morning Coffee		
11.00-12.30	SESSION 2 Chair Professor Ann Daly	Newcastle University
11.00-11.30	Innovative examples of developing stratified medicine	Dr Ruth March, Astra Zeneca
11.-30-12.00	Ubiquitous Pharmacogenetics	Professor Henk-Jan Guchelaar, Leiden University,
12.00-12.30	Precision Medicine: Panacea or false dawn in cancer	Professor Andrew Hughes, , University of Manchester
12.30-13.30 Lunch		
13.30-15.00	SESSION 3 Professor Chris Chamberlin	UCB
13.30-14.00	"Safety pharmacogenetics-lessons in translation	Dr Colin Spraggs, GlaxoSmithKline
14.00-14.30	Towards Stratified Medicine in Psychiatry – getting there, a step at a time.	Professor Shitij Kapur, Dean, King's College London
14.30-15.00	Developing clinician skills to provide genomic medicine	Dr Hilary Burton, PHG Foundation
15.00 15.30 Afternoon Tea		
15.30 -16.30	SESSION 4 Professor Sir Munir Pirmohamed	University of Liverpool
15.30-16.00	How bioinformatics will be important in the development of precision medicine	Professor Harry Hemmingway, Farr Institute, University College London
16.00-16.30		Illumina
16.30	Close of conference
